

Bayou Woods Elementary School Clever Portal Guide for Parents

What is the Clever Portal?

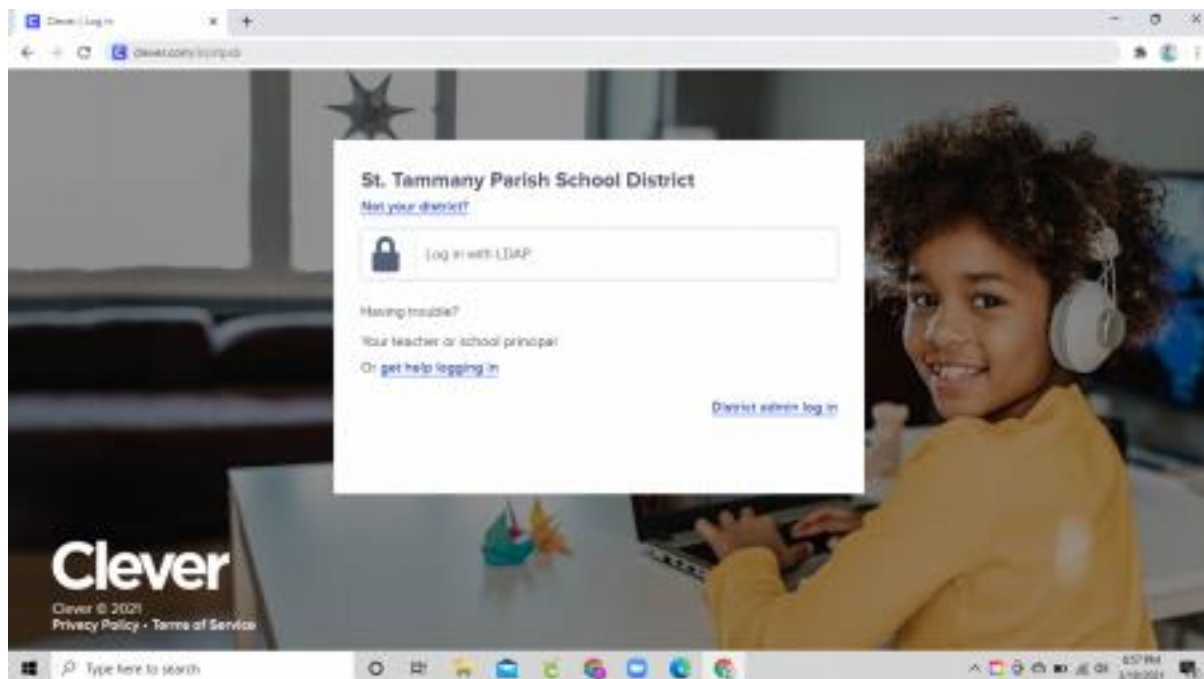

Clever is a portal where students only need to go to one location and, with a single sign-on, gain access to most of their digital learning resources.

Getting started with the Clever Portal

In the address bar type: clever.com/in/stpsb

Click the Log In with LDAP

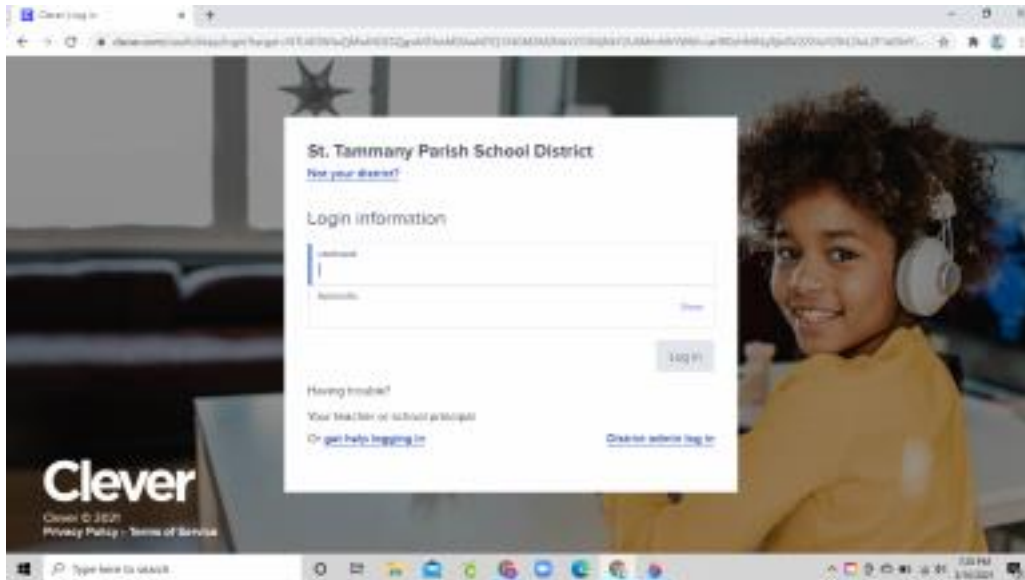

Students will Log in with their Username and Password.

Username are the student's school issued Student ID number

Password is the following formula: Capital first letter of their first name. Lowercase two letters of their last name followed by an ! and the last four numbers of their student ID.

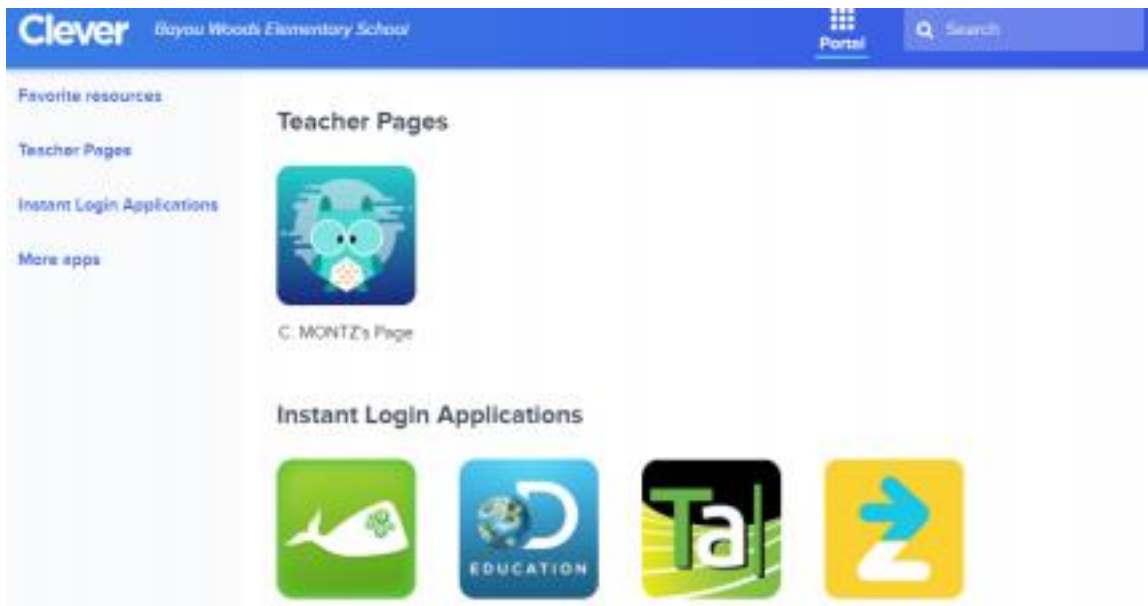

Example: Student: Jane Doe Username 12345678 Password: Jdo!5678 *****Username and

passwords are managed by the school. If you are unable to log in, please reach out to your teacher for assistance. Clever Support is unable to assist with login issues.

What does the Clever Portal look like?

After logging in, students will get to the landing page. From here students have access to icons that lead them to the different learning resources used in class. Icons located in the Instant Log Applications will automatically log them into the resource.

What are the Teacher Pages?

Some teachers create personalized Teacher Pages to house a variety of learning resources they want students to access. Students might be directed to the login page of a particular application, or to a resource website. If that resource or application requires a log in, the teacher should provide that information to the student and families.

Teachers can also send messages to students via the Clever Portal! Teacher announcements provide a quick and easy way to share messages with students via

Teacher Pages. Students are even able to reply to teacher announcements!
