SCHOOL IMPROVEMENT PLAN**

Bayou Woods Elementary

St. Tammany Parish Public Schools

This schoolwide plan meets the requirements as outlined in the Every Student Succeeds Act (ESSA).

10/4/2018

Bayou Woods Elementary 2018-2019

1. COMPREHENSIVE NEEDS ASSESSMENT

- *Provide outcomes of the school's comprehensive needs assessment, as well as a description of the data sources used in the process. Findings should include detailed analysis of all student subcategories; an examination of student, teacher, school, and community strengths and needs; and a summary of priorities that will be addressed in the schoolwide plan.*
- *The Comprehensive Needs Assessment will be used to develop a comprehensive plan for the entire school that takes into account information on the academic achievement of children in relation to the challenging State academic standards, particularly the needs of those children who are failing, or are at-risk of failing, to meet the challenging State academic standards and any other factors as determined by the school and District.*

STRENGTHS	WEAKNESSES
Third grade has the highest percentage of students scoring at benchmark on DIBELS with 61% in 2015, 66% in 2016, and 59% in 2017.	First grade has the highest percentage of at risk with 35% in 2016, 30% in 2017, and 33% in 2018 on DIBELS.
The highest index scores for the past few years have been consistently trending upward in third grade ELA 70.5, (2016) 78.4, (2017) 80.8 (2018).	The lowest Index scores for the past two years has been third grade Math 82.6 (2017), 75.2 (2018) based on third grade CRT Assessment scores.
Third Grade ELA has consistently shown improvement over the last three years (Index Score ELA 70.5, (2016) 78.4, (2017) 80.8 (2018). Discipline data indicates that schoolwide suspension rates have decreased during the past two years (2016-17 - 22/4.3%; 2017-18 - 14/2.9%)	Third Grade Math has consistently declined over the last three years (Index Score 96.9, 82.6, 75.2) based on third grade CRT Assessment. First Grade DIBELS, at or above benchmark, has consistently been the lowest grade level over the past three years. (Spring Benchmark data 2016 - 40%, 2017 - 52%, 2018 - 53%)
The highest performance in third grade math was the Fractions as Numbers and Equivalence subcategory in 2018. Coordination and Integration of Federal, State, and Local Resources, Services, and Programs:

Bayou Woods Elementary 2018-2019

McKinney Vento:

- All homeless students receive all services for which they are eligible at their school site through Title I, Title III, Food Services, LA4, IDEA, and McKinney Vento funds.

Food Services:

- All students whose income qualifies them for free/reduced meals participate in the federal food service program.

Special Education:

- Identified students with disabilities receive all services specified on their IEP through a combination of GFF, IDEA, Title I, or Title III funding.

English as a Second Language (ESL):

- Identified LEP students receive services from ESL teachers, paraprofessionals, and/or tutors at their school site. These services are paid for through GFF, Title I, Title III, and Title III Immigrant Funds.

21st Century Programs:

- Students in participating schools are entitled to attend the 21st Century afterschool programs during the school year and during the summer.

Headstart Preschool Programs:

- Headstart preschool children graduate into their feeder schools in the District in which they live. Receiving schools provide transition activities and services for children and parents. Preschool programs are funded through LA4, 8G grant, Title I, and GFF.

4. Regular Monitoring and SIP Revision

- *The SIP remains in effect for the duration of the school year, except the plan and its implementation shall be regularly monitored and revised as necessary based on student needs to ensure that all students are provided opportunities to meet the challenging State academic standards.*
- *The school will annually evaluate the implementation of, and results achieved by, the schoolwide program using data from the State’s annual assessments and other indicators of academic achievement to determine whether the plan has been effective in increasing achievement of students in meeting the State’s academic standards, particularly for those students who had been furthest from achieving the standards. The school will revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.*

Describe how and when the SIP is monitored during the school year using multiple types of data including diagnostic, interim, and summative assessment, in order to evaluate instructional practices, determine patterns of student achievement, and make necessary adjustments to increase student learning across grade levels, content areas, claims/subclaims, and subcategorys:

- Once beginning of the year assessments are completed and analyzed, the SIP committed review budgets along with school programs to make adjustments so that core instruction and interventions meet the current needs of the school population. BURST groups, computer program data and other intervention programs are adjusted throughout the year based on student progress (DIBELS data, formative assessments, interim assessments, CBA’s). Data is analyzed during Professional Learning Community meetings to evaluate instructional practices and to review grade level strengths/weaknesses or order to target specific skills. The SPED team specifically reviews SPED student data to monitor targeted skill growth during monthly sped meetings and the SIP committee monitors EL data to review programs and adjust instruction.

Describe how and when the SIP Committee will meet and discuss school programs implemented, as outlined in the SIP, to determine effectiveness and to assist in planning for the upcoming school year:

- The SIP Committee meets in July/August to review the previous year’s SIP evaluation and data prior to planning programs for the next school year. Once beginning of the year diagnostic data is compiled, along with previous school year CRT and index data, the SIP committee meets again to review instructional plans and make any necessary adjustments. The SIP committee continues to meet at least once quarterly to review progress monitoring data and interim data.

Describe how and when the evaluation results of the SIP are reported to the school’s stakeholders (faculty, staff, parents/families, and community members):

- Results of assessments are reported to stakeholders through the School Report Card published on Louisiana Believes State Website along with the district and school “Fact Fasts” information sheet. In addition, results are shared at Open House, PTA General Membership meetings and Title I Family Events. Results are posted on the school website and are available in the front office in the SIP plan binder for the public to view.
