

Bayou Woods Elementary School

Zearn Portal Guide for Parents

What is Zearn?

Zearn is a digital k-5 math curriculum that uses videos and practice problems to help students with the math lessons taught in class.

Watch this training video to learn more about Zearn. It provides an overview of your child's digital math learning with Zearn math and answers FAQs.

Getting started with the Zearn

In the address bar type: clever.com/in/stpsb. This screen will pop up.

A screenshot of the Zearn login page for St. Tammany Parish School District. The page has a white background with a blue border. At the top, it says "St. Tammany Parish School District" in bold, with a link "Not your district?". Below that is the heading "Login information". There are two input fields: "USERNAME" and "PASSWORD". The "PASSWORD" field has a "Show" link next to it. A "Log in" button is positioned to the right of the password field. At the bottom, there is a link "Having trouble?" followed by "Your teacher or school principal" and "Or [get help logging in](#)". A "District admin log in" link is also present at the bottom right.

Have your child login with their username and password. Your child's teacher can help with this information if your child does not remember.

Instant Login Applications (District) Hide ^

Help Resources (District) Hide ^

Scroll down until you find the Zearn icon.

Have your child log in to Zearn. This is the same username and password as before.

What does Zearn look like?

Zearn lessons match the lessons taught during class. There are practice problems for the students to work through to reinforce the activities done during class.

Under the MY STUFF heading on the left side of the screen, students can go back to review past lessons. Students can earn badges for completing these lessons.
